let them know it's okay.

As a parent, you must respect your child's food preferences. There may be some foods that your child does not like and that is okay. It is important to replace that food with another food from the same food group.

find the 7 differences!

Child's play is an integral part of development. It's a good idea to start your child out early allowing them to develop and grow for when they start school. Logical thinking, decision-making and attentiveness are all features that have significant meaning in today's world.
